3<sup>rd</sup> October 2018

Dear Parent/ Carer

**All year 11 students**

To enable your child the best success in their GCSE Maths course, it is essential that they supplement their learning in lesson with regular revision and independent work out of lessons, on top of the homework that is already set. I am writing to share with you of a number of resources that are available for your child to support them in their maths GCSE.

Please see below a list of published materials that are available to buy to help students in their revision activities. As a school we receive a significantly discounted price for most of these and wanted to pass this discount to you. Below is a list of the resources that we will order on your behalf, once full payment has been received. Resources 1 – 3 are in a book format where students can write their answers, whereas resources 4 and 5 are on screen.

1. LETTS AQA GCSE Maths **Foundation** Complete Revision and Practice (Grades 1-5) £3.99
2. LETTS AQA GCSE Maths **Higher** Complete Revision and Practice (Grades 4-9) £3.99
3. CGP AQA GCSE Maths **Grade 9** Targeted Practice Workbook (including answers) £2.50
4. CGP New Maths Buster: GCSE Maths Interactive **Higher Online** Edition\* £5.00
5. CGP New Maths Buster: GCSE Maths Interactive **Higher DVD/Rom** Edition £5.00\*
6. CGP New Maths Buster: GCSE Maths Interactive **Foundation Online** Edition £5.00 \*\*
7. CGP New Maths Buster: GCSE Maths Interactive **Foundation DVD/Rom** Edition £5.00\*\*

\* Please note that the Online Edition requires INTERNET access to operate and the DVD/Rom requires a Disc Drive to operate. The materials are the same, and we do not expect a student to buy both editions.

Students will be entered at the end of the course for either Higher or Foundation. Students in Mr Khan's and Ms Murugan's (11Girton) groups will mostly be entered for Higher; while Mr Philip's, Miss Read's and Ms Murugan's (11Darwin) groups will mostly be entered for Foundation. There may be exceptions to this though as tiers of entry are not finalised until later in year 11. If you are unsure of which level of resource to purchase then please contact your child's maths teacher by email, for further guidance.

The deadline for accepting orders will be **Friday 12<sup>th</sup> October**. Order and payment should be made to school via your Wisepay account. If you need a reminder of your account details, please contact Mrs Smith at [ssmith@bassingbournvc.net](mailto:ssmith@bassingbournvc.net).

Kind regards,

Vanessa Larkins  
Head of STEM Faculty
