

LATIN CURRICULUM MAP

BASSINGBOURN VILLAGE COLLEGE
AUTUMN 2020

CURRICULUM DELIVERY	Latin is studied as an Options subject in Years 9-11. The course covers both the Latin language and civilization and a range of teaching styles are used to allow students to develop and deepen their understanding of the subject.		
CURRICULUM AIMS	At BVC, we aim to inspire learners to be both linguistically able and culturally aware so that they have a keen interest both in languages and in the wider world. By learning Latin here, learners will have the opportunity to develop a wide range of skills and consolidate their understanding of their own language, its vocabulary and grammar. Learning Latin also supports students in their French and Spanish studies by encouraging them to understand and make links between different languages. Students also have the opportunity to develop their cultural awareness of Roman times.
